Science & Technology Parks

### **Hong Kong – An Ideal Platform to Grow Technology Business in China Seminar & Match Making**

You are warmly welcome to a morning seminar presenting Hong Kong as an attractive, high-potential market to grow technology business as well as an excellent and safe springboard to Mainland China, in particular nearby Pearl River Delta.

At the seminar you will meet a Hong Kong delegation with companies/experts from the biotechnology/medical & healthcare device, electronics and green technology, and Information Technology & Telecommunications sectors led by Mr. Allen Ma, CEO, Hong Kong Science and Technology Parks Corporation. The delegation will present to the participants the latest development of related industry sectors and the opportunities available in Hong Kong and the Mainland China.

The seminar will be followed by a networking lunch hosted by **Hong Kong Science and Technology Parks Corporation**.

Following the seminar at DIAMANT Brussels with full focus upon Hong Kong, the delegation will visit and learn about companies and research institutions in Brussels Capital Region, Flanders and Wallonia for technology sharing, business matching and R&D opportunities.

[Click here](#) to register your participation to the seminar and luncheon before 26 September 2013.
